

CoastlinesTM to Skylines

CAS Group[®] is a **trusted engineering, urban planning, and program management firm** servicing complex, high-value infrastructure projects and community investments. We are specialists with a **holistic approach, global perspective, agile team, and powerhouse talent.**

COASTAL & MARINE ENGINEERING

We design efficient and resilient marine facilities and coastal structures. We effectively balance function, performance, and environmental conditions with creative solutions.

PUBLIC & STAKEHOLDER ENGAGEMENT

We develop effective messaging, mechanisms, and relationships that build awareness, inclusive participation, consensus, and support for project implementation.

STRATEGIC ADVISORY SERVICES & TECHNICAL DUE DILIGENCE

We support investors with technical, operational, contractual, and management aspects of infrastructure and industrial investment opportunities. We mitigate downside risks and enhance upside potential.

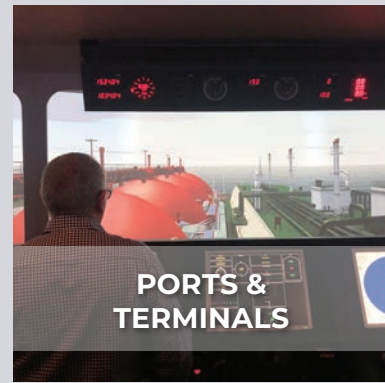

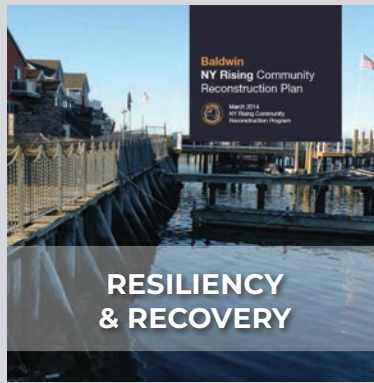

PROGRAM MANAGEMENT / CONSTRUCTION MANAGEMENT

We help clients successfully move critical infrastructure projects from concept to completion with our proven processes, people, and procedures.

CASGROUP[®]
CITY AND SEA GROUP LLC

CAS Group[®] delivers strategic guidance and responsive solutions from **concept to completion.**
